All,

I was at the BDCP Coordination Meeting yesterday and here's the updates/information you may need to know. The BDCP Coordination meeting is for the five Federal agencies to share information, and is chaired by David Nawi, a DOI senior advisor to the secretary of interior. EPA was invited but unable to participate in this meeting. These meetings are weekly (Tuesdays 9am), and I <<BDCP Coordination Meeting Feb 16.doc>> h <<List of BDCP Meetings.doc>> ave been volunteered to attend all of them. I'll be following up with you on the action items as quickly as I can.

Also, I've attached a list of all the meetings I aare of which we need to attend. If you can think of any others, let me know so I can add to the list for our Colonels information.

Lastly, Senator Feinstein has proposed legislation which is of relevance to the Delta, who ever finds it first, please share with the rest.

Thanks, Mike
